

## Publisher Information

To support school systems and educators in meeting the learning needs of students in a drastically altered context, whether that be in-person, online, or a hybrid of the two, The Collaborative for Student Success is reaching out to the highest rated curriculum publishers (defined by a “green” rating by EdReports) to compile the adjustments they’ll be making for the 2020/2021 school year. As district leaders focus on prioritizing instructional materials that focus on grade-level content and rigor, address learning gaps within the context of grade-level work, and create plans to adapt instruction, this resources is intended to offer clarity around what areas have and will be addressed by publishers.

The publisher information below gives insight into how publishers plan to:

- Adjust curriculum scope and sequences based on priority instructional content (for more information on priority instructional content see [Student Achievement Partners, 2020-21 Priority Instructional Content in English Language Arts and Mathematics](#)).
- Provide educators with specific supports to effectively use curricular materials for remote and hybrid learning.
- Provide students, families and other caregivers supports for use of curricular materials at home.

*This information will be updated regularly as publishers submit new information to the Collaborative for Student Success. For questions, please contact Josh Parrish at [jparrish@forstudentsuccess.org](mailto:jparrish@forstudentsuccess.org).*
